Bat Shellenback to Cover Winning Frame; Doc Crandall Easily Turns Back Stars

BY ROBERT RAY  
The band of ball displayed yesterday by the Angels in the first inning, driving seven runs and chasing Frank Shellenback, one of the Hollywood stars, to cover in short order. Seven runs, all of them right on the nose, cracked off Angel bats, forcing Shellenback to the plate before George Crandall, who relieved Shellenback, could get the Kragman out. It didn't matter.

## CHRISTIE SCOFFS AT TIMES MADE HERE AS BEARS ARRIVE

BY A. P. NIGHT WIRE  
CAMBRIDGE (Mass.) May 25.—Fifteen unofficial watches arrived here today for the I.C.A.A.A. track and field championships next Friday and Saturday. Coach Walter Christie scoffed at the belief that all three West Coast teams would be in the fight, and said that his outfit of fifteen "native sons" was fit and sound. He also expressed doubt as to the accuracy of some of the sensational times that have been turned in by sprinters this year, and suggested that judging and timing could be remedied.

"Phil Barber, our captain, had a letter from home this morning saying that the spectators disagreed when the judges decided that Charley Padlock beat Charley Borch in that 5.5s. 100 at Los Angeles a week ago Saturday," said Christie. "Padlock won by inches, the judges claimed."

"No one can convince me that such timing is sound. If Padlock had beaten Borch, the world's record for the 100, he would have won in handy fashion."

"The trouble as I see it, is that the timers stand too close to the finish. The same thing applies to the judges. The officials are too apt to watch the race and to anticipate. They gave Padlock 5.5s. at Stanford some weeks

### FORMER CHAMP WINS, 3 AND 2

Jones, Sweetser and Gunn Cop First Matches  
Gardner and Mackenzie Out of Amateur Classic  
Pairings Favors Britons in Annual Championship

BY DON SKEENE  
(ST. PAUL, MINN., SPECIAL DISPATCH)  
MURFIELD (Scotland) May 25.—The American golfing army, attacking the British amateur golf championship, suffered heavy casualties today on the bunkered battleground of Murfield. Bob Gardner, captain of our Walker Cup team, and Mackenzie, the hard-hitting Walsingham, and George von Elm, the Pacific Coast wonder — three strong Walker Cup players — were eliminated in today's play.

Added to these troubles, Bob Jones, the amateur ace of America, played far below his stellar height, although he won his match. Francis Ouimet, however, brought cheer to the American forces by his masterful exhibition against his teammates, George von Elm, who fell before the Boston marvel, 3 and 2. Outmet emerged as the strongest American hope to win the title, with the possible exception of Bobby Jones.

Bob Gardner lost 3 and 2, to the Scotsman, H. M. Dickson, who took advantage of all the opportunities against the Chicagoan, who was playing at the worst of his life. Roland Mackenzie, who started the Scotch by his long wooden shot yesterday, cracked today, partially through nervous strain, and lost by one hole against the Scotsman, Dr. Kyle.

George von Elm, who had a large backing to win the tournament, was unable to beat the sparkling golf Francis Ouimet played today. Bobby Jones had had patches in his victory over the British army champion, Maj. Overwood, which he won by 3 and 2.

Jack Cowan, who is the One-Ed Connolly of the Scotch and died, declared that Bobby Jones played like "a puddin'." But Bobby's friends say he is getting onto his best game gradually.

Today's star match brought together Francis Ouimet and George von Elm in a battle won by Ouimet, 3 and 2, after both the Americans treated the big gallery to an exhibition of the finest golf yet seen here. Von Elm won the first hole with a long putt. Ouimet squared the score at the sixth green. Von Elm

## KATHLEEN WRIGHT WINS

Tourney Medalist in Southern Championships Leads Fast Field in First Round Victories

BY BILL WISE  
Miss Kathleen Wright, of Flintbridge, tourney medalist Monday, defeated Mrs. R. G. Miller, of San Gabriel, 5 and 3, yesterday and will meet Miss Margaret Cameron, of Annandale, who won from Mrs. Harry Grossman, Hillcrest, 4 and 3, in one of the three features second-round title fight matches in the women's Southern California championship, at Midwick, this morning.

Mr. Guy Cochran of Los Angeles sprang the golf surprise of the day by carrying Mrs. Frank Shively, of Shively, 3 and 2. A Francisco woman's champ, to the nearest, before losing her to a bride, Mrs. Dan Jones of Rancho continued in the championship stride that carried her to an 18 in the qualifying play and defeated Mrs. L. B. Elliott of Brentwood, 5 and 4.

## Rabbit Ball Back? Scores Look Like It

EXCLUSIVE DISPATCH  
NEW YORK, May 25.—The prolific hitting and "extravagant run-making" in the American League today tend to strengthen the suspicion that the lively ball was not enjoying a holiday.

While players and managers in the National League this spring have called attention to the fact that the ball used on their circuit is not as lively as it was last year, there has been no squinting of batting enthusiasm in the American League.

In six games in the American League today there were 148 hits and eighty runs. That's an average of twenty-four hits a game. There were forty-two runs scored and sixty-five hits made in four games in the National League, an average of sixteen hits per game.

NORTHERN CALI-

## Irish Linen \$2.65 Pillow Cases, 2 pr.

Only fifty pairs—all we could secure of these close, fine round white Irish linen cases; thoroughly well made, and priced at a mere fraction of the figure their quality justifies.

Size 22x33, finished, says the Irish maker; which means about 45x36 in a cotton case.

## Turkish Bath Towels

Exceptional in quality; extra heavy double thread, all-white or with red or blue borders; 22x44, dozen, \$5.50.

## Shadow Point Boudoir Pillows, \$1.95

Two hundred of them—they will sell in no time, so be sure to buy yours early in the day!

Very dainty shadow lace in Brittany shades, covered with cross-stitch in colors suggestive of Petitpoint—and some real Petitpoint.

Any number of shades, and the popular shapes, as illustrated.

Pillows filled with fine Kapok—complete, note; not just a pillow cover!

(Second Floor—Coolter's)

## Andaux and Boudoir Caps Special 1/2

The caps are made of the filmy crepes, tulle and nets, and made more exquisite with good laces, soft ribbons and tiny bows—the qualities usually 75c to \$1.00 each.

(Main Floor—Coolter's)

## Children's Athletic Suits Special 59c

Made of good barred dimity; for girls boys; open or bloomer knee; plenty extra buttons! Sizes from 4 to 12, specially priced for Wednesday.

## Women's Forest Mills Union Suits 79c

One quality 1x1 rib; sizes 36 to 44, in good styles—built-up shoulder, open or loose knee and open crotch; or closed shoulder and closed crotch; in only.

(Fourth Floor—Coolter's)

## Boys' Flapper Suits \$1.95

For boys of 2 to 4 years these just-arrived suits, one-piece style, with belt, roll collar, short sleeves and two pockets.

Made of sturdy Devonshire cloth in tan or green, they are excellent for play or beach wear.

Flannel Gertudes—and Infants' Suits of fine Storknest flannel; all hand-made; braid-stitched hems or scalloped hems; some garments have dainty embroidery; infants' and six months' sizes.

## Duchesse de Richelieu

The charming Duchesse de Richelieu, a hostess of distinction, has for years especially favored Clicquot Club Ginger Ale—in fact, always orders it even when traveling. When first introduced to the new Pale Dry Clicquot, she said:

"The delicate flavor of Clicquot Club Pale Dry Ginger Ale particularly appeals to me; it is subtle, so."

"Always I have preferred Clicquot Club to other ginger ales, and now in the new Pale Dry Clicquot I have found another favorite, a most delicious drink to serve at my table and to my guests."

### Clicquot Club

GINGER ALE

TWO FLAVORS: "PALE DRY" AND "GOLDEN"

## A black and white photograph of a book's endpaper. The image shows a dark, textured surface, possibly leather or heavy paper, with a curved edge on the left side. The texture is grainy and uneven, with some lighter patches and darker areas. The lighting is somewhat uneven, with the right side appearing slightly brighter than the left. The overall appearance is aged and worn.

## FOUR HUNDRED EARN DEGREES

Southern Branch to Award  
Diplomas June 11

Commencement Will Climax  
Week of Senior Doings

Banquets, Processions and  
Ball Scheduled

Four hundred seniors will re-  
ceive degrees in commencement  
ceremonies at the University of Cal-  
ifornia, Southern Branch, June 11.  
The ceremony will be at 10 a.m. in  
Millsap Auditorium, and will  
include many activities for the  
graduating students.

Sunday, June 6 at 4 p.m. baccalaureate services will be held in the  
auditorium with Bishop Foster as  
chief speaker. These services are  
in charge of a committee headed  
by Elizabeth V. Decker.

Both the Senior Women's and  
the Senior Men's banquets are  
scheduled for Wednesday, June 9,  
at 7 p.m. at the Jonathan Club.  
Dorinda Goodwin is to be toast-  
mistress at the Women's banquet.  
At the men's affair, Dr. Moore,  
Dean Blocher and Dean Miller of  
the faculty will be present while  
the alumni are to be represented  
by Fred Jordan and George Foster.

An elaborate program is planned  
for Class Day, June 10. At 10 a.m.  
there is to be a class procession  
about the grounds of the univer-  
sity, when eight members of the  
graduating class will give short  
talks at points on the campus fol-  
lowed by tradition and sentiment.  
At 11 the senior assembly and final  
class meeting of the year will take  
place, featuring the presentation  
of the class gift to Dr. Moore for  
the university by Frank Ball, pre-  
sident of the class. The gift is to  
be a grove of from 100 to 150  
trees to be planted on the new  
campus. They will be placed in a  
grove in front of the new build-  
ing or in a grove on the border  
to a walk and will be known as  
Senior Grove or Senior Walk. De-  
tails of selection and arrangement  
are to be left to the administra-  
tion and landscape architect.

Election of permanent officers for  
the class will also take place at  
the assembly. The "Class Con-  
stant Lover," is to be presented  
with Mott Clifton and Mary Ber-  
nard Buchanan in the leading roles.  
A luncheon given by the alumni  
in honor of the graduates is to be  
held in Sophomore Grove at noon.  
At 2 p.m. members of the class  
will make the senior pilgrimage to  
the new campus site at West-  
wood, where the new tree of the  
senior gift is to be planted by  
Frank Ball, president. Each  
senior will then take the oath of  
the university, which is being in-  
stituted this year as the first tra-  
dition centering about the new  
campus.

Commencement exercises Friday  
morning will include the academic  
procession, commencement cere-  
mony and the conferring of de-  
grees by Director E. C. Moore.  
The final ceremony is the tradi-  
tional formal senior ball to be  
held at the Surf and Sand Club  
at Hermosa Beach, Friday eve-  
ning. Patrons and patronesses for  
the affair will be the honorary  
members of the class. The com-  
mittee includes Dean Charles H. Rieker,  
Dr. William Morgan, Miss Evelyn  
Thomas, Mrs. Morris Little McClintock,  
Dr. Miller McClintock, Dr.  
William B. Munro and Dean  
Ryba Webster.

## Naval Hero's Mother to See Son Honored

By a "Times" Staff Correspondent  
LONG BEACH, May 25.—De-  
parture of Mrs. Mary Ann Sellers  
Long Beach, mother of Lieut.  
Thomas E. Sellers, U.S.N., for An-  
napolis, was announced here to-  
day. Mrs. Sellers will be present  
at the unveiling of a tablet at the  
United States Naval Academy in  
honor of her son, Lieut. Thomas  
E. Sellers, who was killed in action  
when a turret aboard the battle-  
ship "Mississippi" exploded two  
years ago, cost him his life.

The tablet will be unveiled in  
Memorial Hall at the naval acade-  
my next Sunday. It is the first of  
another tablet in memory of Lieut.  
H. Milton Pine, U.S.N., who lost  
his life when the submarine "S-1"  
sank on the Atlantic Coast several  
weeks ago. Mr. and Mrs. H. K.  
Pine of 111 Belmont avenue, this  
city, parents of the dead naval of-  
ficer, will be present at the cere-  
mony. Mrs. Sellers and Pine  
were classmates of the class of  
1921.

## JAVA TRADE GROWTH CITED

East India Steamship Director, Guest Here, Says  
Exports to America Total \$600,000,000

Dutch East India imports into the United States amount to about  
\$400,000,000 annually, the commodities coming here including, among  
other things, more than 100,000 tons of rubber, according to M. Van  
Zellings of Batavia, Java, director of the Royal Packet Steamship  
Company, who arrived at the Biltmore yesterday.

The Dutch steamship man, who has an automobile factory in Los An-  
geles, is accompanied by C. Poorten of Amsterdam, another director of  
the company, in on his way to Ba-  
tavia after a visit in Europe. He  
will remain in Los Angeles three  
or four days.

CARS CHIEF IMPORT  
"Perhaps few people in this  
country realize the extent of the  
trade between the Dutch colonies  
in the East Indies and America,"  
said Van Zellings. "While much of  
what we export goes to New York,  
an increasing volume is now un-  
loaded on the Pacific Coast, as a  
result of the recent expansion of  
steamship service on the Pacific.  
The products include tea, tin, to-  
bacco, coffee and other commodi-  
ties."

"Motor cars constitute one of the  
principal imports from America at  
this time," he said. "It is well-  
known that to carry up to 300  
automobiles in a single cargo de-  
stined for Japanese ports is a  
feat. There is a great demand for  
American machines in the East In-  
dies. The output of when there  
are more than 50,000,000 are now  
buying the more moderately priced  
cars. It seems firm would establish

## VETERANS TOLD DEBT TO LEGION

Commander Hedgcock Pre-  
sents Reasons for Joining

Ideals and Accomplishments  
of Order Cited

Points Out How Organization  
Perpetuates Memories

This week has been set aside by  
the American Legion of California  
as a period to be devoted to an effort  
to increase the membership of the  
various posts. To this end it pro-  
poses to acquaint every veteran of  
the World War with the advantages  
of membership in the Legion. In  
co-operation with this endeavor The  
Times is publishing a series of ar-  
ticles by officials of the Legion  
which are, in effect, messages of in-  
vitation to ex-service men not now  
members of the Legion, messages  
presenting cogent reasons why they  
should join that organization.

BY CHARLES HEDGCOCK  
(Commander Robert J. McCaffrey  
Post, No. 87, Huntington Park)  
Every World War veteran owes  
it to his country, to his sick,  
wounded or needy widow and to  
himself to join the American Le-  
gion at once, if he has not already  
done so.

Because, no matter how hard or  
easy may have been his lot in the  
army service, the memory of those  
days of service has indelibly made  
its mark on the heart and soul of  
the soldier. The associations  
formed will always be dear, though  
mixed with pain and suffering, and  
the American Legion was organized  
to perpetuate the associations  
and the memories of the great war.

Because of the past accomplish-  
ments of the American Legion in  
obtaining beneficial legislation for  
the disabled war veterans, the es-  
tablishment of hospitals and the  
rehabilitation of the disabled sol-  
dier.

RAISING FUND  
Because of the responsibility  
which the Legion shouldered by  
raising a \$1,000,000 endowment  
fund for disabled war veterans and  
their dependents.

Because of the service bureau  
constantly maintained in Los An-  
geles, which administers the Spanish  
Garden Fund and other funds for  
the relief of veterans in hard luck  
and their families, together with  
the personal visitation and other  
services rendered by this service  
bureau.

Because of the continuous ef-  
forts of the Legion in behalf of the  
war veterans to obtain additional  
legislation to improve their status,  
the advocacy of the univer-  
sal-draft bill, so-called, and the ef-  
forts of the Legion for world  
peace.

FAVORS PREPAREDNESS  
Because under present condi-  
tions the Legion believes in ade-  
quate preparedness by this nation  
for unavoidable and unforeseen  
wars.

Because the call of the hour is  
for men who, untiring by the time  
of service, are now Old Glory, will  
stand together for better citizen-  
ship, for law and order, a square  
deal to both capital and labor and  
against the insidious propaganda  
of Communism which is now being  
flung far and wide throughout  
the nations of the world.

While we have not attempted to  
set forth all of the reasons why  
our veterans should join the Le-  
gion, we believe the principles of  
the Legion as set forth in the pre-  
amble to its constitution are enough  
as will inevitably appeal to the  
manhood, to the patriotism of the  
veteran and to his desire to pro-  
tect his country, his home and fire-  
side, and that the Legion is an or-  
ganization where he may best ac-  
complish those purposes.

## DE MILLE INTERESTED IN SOUTHERN PROJECT

Cecil B. De Mille, film producer  
and director, according to a report received  
here, which indicates that he is in-  
terested in a new play-  
ground city known as Pine Hills,  
which is being built by a group of  
New Orleans capitalists. De Mille  
is associated with Mills R. Hart,  
a New Orleans capitalist, and he  
has a financial interest in Pine  
Hills. The report stated that Mr.  
De Mille is a resident of this  
city. This could not be confirmed  
at the studio. The playground city  
is to be located at the head of the  
Louis Bay on the Mississippi Gulf  
Coast.

THE BARE PLACE  
The steamship man said his  
company, which operates exclu-  
sively in the Orient, is now seeking  
to increase its tourist traffic to the  
East Indies. "Java" and the sur-  
rounding islands offer many at-  
tractions, found nowhere else in  
the world," he asserted. "One of  
the most interesting places is the  
island of Bali, just off the coast  
of Java, inhabited by Hindus who  
lived India 1000 years ago as a pre-  
lude against Mohammedanism.  
The people have maintained  
their ancient culture to this day  
and are highly cultivated, espe-  
cially along the lines of textile art  
and building. Travel on this island  
is like a visit to a realm where  
the world has stood still ten cen-  
turies."

## REYNOLDS SCIENTIST HERE

# TO STUDY LIGHT

**Dr. Michelson Will Continue  
Mt. Wilson Tests**

**Researches Viewed as Among  
Most Important**

**Dr. A. L. Day Arrives to  
Install Seismographs**

A "Times" Staff Correspondent PASADENA, May 11.—Dr. Albert A. Michelson, world-famous physicist at the University of Chicago, arrived in Pasadena on the California Limited at the Santa Fe Hotel this afternoon, to continue his experiments in the velocity of light which he has been conducting here the last four years at the Mt. Wilson Observatory and the California Institute of Technology.

With Dr. Michelson came also Arthur L. Day, chief observer and director of the geophysical laboratory of the Carnegie Institution of Washington, who will operate for about two weeks with seismographs studying earth movements and tremors in this part of the country.

Dr. Michelson, who is one of the greatest physicists in the world, conducts his chief experiments tonight at the Mt. Wilson Observatory where, on the top of the mountain, a series of revolving mirrors, operated in new manner with similar devices on neighboring peaks, reflect beams of light back and forth in such rapid succession that they are practically continuous. Distances can be measured and studied.

The most recent experiments in this direction were unexpectedly terminated last fall when one of the revolving mirrors extremely delicately and easily, suddenly shattered when revolving at a terrific rate. This year, to contravention of all expectation, the same particular piece of equipment have been constructed.

Dr. Michelson, whose researches are among the most important being carried on anywhere in the realm of physics, will remain here in the fall late in the fall when conditions will interrupt his work. Fair weather is essential to the experimenting.

Dr. Day will participate in the installation of some new type seismographs in the new laboratory which is now under construction at the western city limit, under the supervision of the Mt. Wilson Observatory, which is a department of the Carnegie institution, and the California Institute of Technology.

The seismographs, designed by T. C. Wood and John A. Anderson, of the Mt. Wilson staff, were characterized by Dr. Day today as the most accurate and refined instruments yet invented for the recording of earth movements.

They are primarily for the observation of minor earth movements, and two will be installed, along with the other instruments, in the new laboratory here, which will be opened next summer. Others will be placed at branch stations at La Jolla, Riverside and Santa Barbara.

"Southern California is interesting to the student of earth movements," Dr. Day said, "not because there are dangerous quakes here, but because of the numerous minute movements which are instrumental in the study and interpretation of the larger movements."

Instruments should be particularly useful in this regard."

Dr. Michelson and Dr. Day are both at the Maryland, the latter announcing to return to Washington about two weeks, while the Chicago seismologist will remain through the summer and early fall.

Dr. Michelson, who is 76 years of age, won the Nobel prize in physics more than twenty years ago, has been given practically every scientific award in his field and is the course of his career a member of all the chief scientific societies. He has been head of the department of physics at the University of Chicago for many years.

### SALES OF MINES AND OTHER TRIAL TRAILS

On the 11th day of April 1918 at Santa Fe, New Mexico, there will be offered for sale at public auction for a cash bonus in addition to royalty, oil and gas mining leases covering four tracts in the Navajo Indian Reservation on the Navajo Indian Reservation, and two tracts on the Navajo Indian Reservation. Twelve other tracts on the Navajo Indian Reservation will also be offered for sale. Full information may be obtained from J. H. Newman, Special Commissioner to negotiate with the Navajo Tribe of Indians, at Santa Fe, New Mexico; R. E. Jackson, Superintendent, Comstock National Forest, Apache, San Carlos, etc., at the Commission of Indian Affairs, U. S. Department of Interior, at Washington, D. C.

IF INTERESTED IN ANY OF THE abovesaid lands, please apply to me by telephoning to Yuma, Arizona, or by mail to Phoenix, Arizona. Plans will be sold to cover this period.

FROM MAY 1ST I will act as trustee for deeds conveyed by my wife, Josephine M. Albritton, (deceased) F. L. ALBRITTON.

I will not be responsible for debts contracted by my wife, F. L. Albritton, on and after this date.
